Notice

Notice to Agent is a Notice to Principal and Notice to Principal is Notice to Agent

I, _____, one of the people of North Dakota (as seen in the North Dakota constitution Article II Section 2), Sui Juris, in this Court of Record, bring the following claims and facts, that you and your agents may provide due care;

Please take notice that our North Dakota State Constitution, which you have already sworn to, explains that the People have the inherent right to regulate their internal government, and therefore, when the people may need, there is a guaranteed right to reform or alter government. It is my will to give notice of the true law set forth by the people. (See constitutional provision below);

North Dakota Constitution Article I Section 2

All political power is inherent in the people. Government is instituted for the protection, security, and benefit of the people, and they have a right to alter or reform the same whenever the public good may require.

Please take further notice that governments started with the People. It was founded and based on the People’s will and was never about the desires or will of the government officers. The People addressed you as trustees and servants, and at all times, you are to be accountable to the People. Therefore, the People are not limited by your statutory limits. (Please see the Constitutional Provision below):

North Dakota Declaration of Rights Article I Section 2

All political power is inherent in the people. Government is instituted for the protection, security, and benefit of the people, and they have a right to alter or reform the same whenever the public good may require.

Please take further notice that the government is to be regulated by the People. It is your duty to carry out the wishes of the People who granted authority for you to handle the people's business. Therefore, I am presenting fundamental law and instructions that you may observe and carry out the will of the people. (Please see the Constitutional Provision supporting this authority below);

North Dakota Constitution Article I Declaration of Rights Section 5

The citizens have a right in a peaceable manner, to assemble, together for the common good, and to apply to those invested with power of government for redress of grievances or for other proper purposes by petition, address, or remonstrance.

Please take further notice that the United States Constitution gives the legislative branch of each state full plenary power to oversee elections, including the times, places, and manner thereof. (Please see the Constitutional Provision supporting this authority below);

United States Constitution Article 1 Section 4

The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof; but the Congress may at any time by Law make or alter such Regulations, except as to the Places of chusing Senators.

Please take further notice that the only reason that the People have the power to Remonstrate is because the government is created to carry out their will. Therefore, when government is functioning in a way that goes against the People’s will and authority, the People are to correct their behavior and lead them in the ways consistent with the constitution and redress grievances. I, as one of the People, am in full support of a full forensic audit of Cass County, Burleigh County, and Grand Forks County. I believe that this is a right of the people, and therefore, order you to immediately do all things necessary to bring forth the desired full and complete forensic audit of all paper ballots both in-person and absentee, all machines, related software, ballots, routers, internet devices as well as any other election-related materials and systems as it pertains to the general election of November 2020 with the use of Col. Waldron and/or Jovan Hutton Pulitzer. The audit shall make provision for Democrat, Republican, Independent and any other party’s ability to witness said audit. Results of the Audit shall be made available to the public.
