**Affidavit of Demand to Show Clean Hands and Federal Partnerships
[Declaration of Membership In Private Association and Private Status]**

Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent

Now comes Affiant , _____, one of the People as stated in
the reference below;

Arkansas Constitution, Article 2 Section 1: Source of Power

All political power is **inherent in the people** and government is instituted for their
protection, security and benefit; and they have the right to alter, reform or abolish
the same, in such manner as they may think proper. **(Emphasis by Highlight
Added)**

Affiant comes Sui Juris, in the Court of Record to make claims and to provide you with
Constitutional references in support of the following claims, that you and your agents
may provide due care;

I, the Affiant, declare that the People in all 50 (Fifty) states are entitled to the protections
and rights listed in their individual as well as their several Constitutions as evidenced
below:

United States Constitution Article IV. SECTION 2, Paragraph One.

The Citizens of each State shall be entitled to all **Privileges and Immunities of
Citizens in the several States.** (Emphasis by Highlight Added)

Affiant shares a belief with the People in God, who created the People to do his will, to follow his guidance and instructions on how to treat the bodies in which he clothed us. (see Holy Bible, King James Version): Genesis 1, Paragraph 27

"So God created man in His own image; in the image of God, He created him; male and female He created them."

Among the many gifts He bestowed on his creation is a strong immune system and Affiant has personally vowed, out of respect for that belief, to not take any vaccinations, to not block my breathing system with a mask which impairs the flow of oxygen needed to maintain mental and physical health; or to allow Affiant, Affiant's spouse, any minors in Affiant's care, Affiant's parents or any other close or extended member of Affiant's family to be forced to take any mandated vaccines, participate in any Critical Race Theory programs, and/or seminars or training (now referred to as Social Emotional Learning). Therefore, government or commercial workers are prohibited from harassing, forcing or coercing Affiant, any minors in Affiant's care, Affiant's spouse, Affiant's parents or any other members of Affiant's family into taking any vaccinations. wearing masks, or participating in any of the requirements of your programs of any sort without Affiant's consent as evidenced below;

Arkansas Constitution, Article 2 Section 2: Freedom and Independence

All men are **created equally free and independent**, and have certain **inherent** and inalienable rights; amongst which are those of enjoying and **defending life and liberty**; of acquiring, possessing and protecting property, and reputation; and **of pursuing their own happiness**. To secure these rights governments are instituted among men, deriving their just powers from the consent of the governed.

(Emphasis by Highlight Added)

Affiant claims that the Social Security Act, Cares Act, Flores Agreement, and Highway Safety Act are all federal programs where actors in the state are allowed to benefit financially by administrative actions and/or cooperating with government entities. (Please see example of Social Security Act detailed below):

Preamble 1935 Social Security Act: The Social Security Act (Act of August 14, 1935) [H.R. 7260]

An act to provide for the general welfare by establishing a system of Federal old-age benefits, and by enabling the several States to make more adequate provision for aged persons, blind persons, dependent and crippled children, maternal and child welfare, public health, and the administration of their unemployment compensation laws; to establish a Social Security Board; **to raise revenue**; and for other purposes. [Emphasis by Highlight Added]

Affiant claims to be **in the Private realm**, not under the governance of statutes, provisions, policies, mandates or any other type of program where Affiant's, Affiant's spouse's, any minors in Affiant's care, Affiant's parents' or any other close or extended member of Affiant's family would be required to participate in any government or business programs requiring vaccinations, and face masks in order to enjoy their rights which include public education, conducting business, gainful employment, and being out in public among many other personal endeavors enjoyed by the People. **[Emphasis by Highlight Added]**

The Private Membership Association **(PMA)** known as "The Restored Republic Private Membership Association" has contracted together with Affiant and others. We as a PMA hold dominion over government through our Constitution(s) and no government body, corporation, or other entity or agent has been granted authority over the Peoples' private health. If you or your agents believe you have Constitutional Authority over the People or that the CDC has Constitutional authority over the People, please provide sworn testimony showing where you or they have been granted this authority by the People to demand they follow one of their own servant's health orders; **[Emphasis by Highlight Added]**

Affiant's contract with the Restored Republic Private Membership Association includes the belief that the People were all created in God's Image and that the People in turn created 50 (Fifty) individual Constitutions and one Federal Constitution from which all government is derived. We, the People, **are not part of the commercial business** of this Nation but **are set apart in the Private**, with inalienable rights and responsibilities. Therefore you **are prohibited** from using any commercially related regulation or power; or making claims of working for the advancement of the public health by mandating business practices requiring vaccinations, masks or any other CDC recommendations mandated as a requirement for continued employment, commercial travel on airlines, trains, subways, or navy vessels or any other means of commercial transport used by the People; **[Emphasis by Highlight Added]**

Arizona Constitution Article II Section 2: Political Power; Purpose of Government

"All political power is inherent in the people, and governments **derive their just powers from the consent of the governed**; and are established to protect and maintain individual rights." **[Emphasis by Highlight Added]**

Affiant claims that the People, having all political power and after hiring servants to carry out their business, never granted authority for those same servants to force the People through programs or provisional systems that are falsely presented as law to perform or participate in any act to which they are diametrically opposed. (See reference detailed below):

Black's Law 4th edition definition for Persons (page 34)

PERSONS are divided by Law into natural and artificial. . . "corporations" or "bodies politic." Quasi municipal corporations--Bodies politic and corporate, created for the sole purpose of performing one or more municipal functions.

Black's Law 4th edition definition for Persons (page 34)

PEOPLE are supreme, not the state. [Waring vs. Mayor of Savannah]; The state cannot diminish the rights of the people. [Harpado v. California]; . . .at the Revolution, the sovereignty devolved on the people; and they are truly the sovereigns of the country, but they are sovereigns without subjects . . . with none to govern but themselves. [CHISHOLM v. GEORGIA]: The people of this State, as the successors of its former sovereign, are entitled to all the rights which formerly belonged to the King by his prerogative. [LANSING v. SMITH]

Take further notice that it is hereby Affiant's wish, order, and demand for all participating parties to give full disclosure of any program funds received by any state, municipality, town or political subdivision as part of any program and the original Legislative statutes that granted authority to bring force upon the People in the Private realm. If you fail to show these items within five (5) days, you agree that you are working to attack the People, either against your Trust Indenture, under the Constitution (s), and are knowingly Trespassing against the rights of the People you swore to protect; or you are participating in financial gain through cooperation with government actors. You further agree to pay \$250,000 for each encroachment against the above mentioned rights. You further agree that if you don't respond with a sworn affidavit showing Constitutional provisions authorizing you to trample the Peoples' rights within five (5) days that you agree to all the above mentioned facts and that no court shall re-examine this matter and shall accept the above terms as truth and law. Furthermore, you agree that this affidavit can be used as evidence of your wrong doing and that you are liable for any harm either physical, mental, emotional or financial that occurs as a result of your actions or those of your employees. In addition, you also agree that any public health **mandate, regulation, or policy that abridges the rights of Affiant**, Affiant's spouse, minors in Affiant's care, Affiant's parents, and the health of any member of Affiant's family is **unconstitutional**. In order to expedite fairness over this disagreement, Affiant agrees to arbitration by an arbitrator of Affiant's choice. **[Emphasis by Highlight Added]**

Please take final notice that Affiant, One of the People, has assembled with, consulted with, and agreed on remedy together with "The People" to stop perpetration of the prevailing governmental influence behind the industry wide movement to require masks, to require vaccinations, to levy fines and censorship when guidelines of same are not followed and ultimately to terminate employment and/or broadcasting privileges when resistance or noncompliance with policy is encountered. This indefensible position taken by you as a legislator or by your company officers and employees, if you are in the

public, cannot be supported by any Constitutional premise and cannot be legislated or mandated by any governmental body according to our Constitutional rights. (see Virginia Bill of Rights):

Virginia Declaration of Rights

3. That government is, or ought to be, instituted for the common benefit, protection, and security of the people, nation, or community; of all the various modes and forms of government, that is best, which is capable of producing the greatest degree of happiness and safety, and is most effectually secured against the **danger of maladministration**; and that whenever any government shall be found inadequate or contrary to these purposes, a majority of the community hath an indubitable, unalienable, and indefeasible right, to reform, alter, or abolish it, in such manner as shall be judged most conducive to the public weal.
