**NOTICE OF AFFIDAVIT**

Comes now Affiant, \_\_\_\_\_, one of the people (as seen in Article 1 Section 18 of the New Jersey Constitution) Sui Juris, in this court of record, do make the following claims:

Article I, Sec 18 of the Constitution of New Jersey of 1948, as adopted, states that "The people have the right freely to assemble together, to consult for the common good, to make known their opinions to their representatives, and to petition for redress of grievances". In line with this overarching theme, the New Jersey Constitution secures the right for every elector qualified to vote in New Jersey, as a citizen of the United States, who has attained the lawful requirements, The necessary and proper powers to make sure that all that vote are qualified is the same power that would be secured and reserved in and by the people to check and make sure all processes were lawful.

**This is a notice and demand for the audit process to be started and completed.**

Section 3a of Article II provide the qualifications of the electors:

**§ Elections and Suffrage.**

Sec. 3. (a)

Every citizen of the United States, of the age of 18 years, who shall have been a resident of this State and of the county in which he claims his vote 30 days, next before the election, shall be entitled to vote for all officers that now are or hereafter may be elective by the people, and upon all questions which may be submitted to a vote of the people.<sup>1</sup>

Section 1 and 2 a. of Article I provide the Rights and Privileges of the persons of the State of New Jersey

**§ Rights and Privileges.**

1. All persons are by nature free and independent, and have certain natural and unalienable rights, among which are those of enjoying and defending life and liberty, of acquiring, possessing, and protecting property, and of pursuing and obtaining safety and happiness.

Please take notice that the people created the government as servants and that you were granted any authority you have from the people. The people function independently from their servants and have an authority to control the affairs of their servants in order to bring forth the greatest degree of happiness and safety (please see the Constitutional Provision as evidence below);

2. a. All political power is inherent in the people. Government is instituted for the protection, security, and benefit of the people, and they have the right at all times to alter or reform the same, whenever the public good may require it.

Please take further notice that all power that the government has, derived from the people, yet you have sworn to uphold the provision of this constitution that says that the people have more rights than what are enumerated in this Constitution, one being the right to Audit as shown in Constitutions of other states as a right of the people;

21. This enumeration of rights and privileges shall not be construed to impair or deny others retained by the people

\_\_\_\_\_The age to vote was lowered to 18 by the Twenty-Sixth Amendment (proposed by Congress on March 23, 1971 and ratified by July 1, 1971).

Please take further notice that public officers are simply the trustees and servants of the people, and that the Constitutions are the trust indentures granting your powers and showing the rights of the beneficiaries [the people], therefore any power that you claim to have must be shown in the Constitution and any power that is not granted therein, does not belong to your office.

Article I Sec. 2. in the Commonwealth of Virginia Constitution

### **§ People the Source of Power**

2. "That all power is vested in, and consequently derived from, the people, that magistrates are their trustees and servants, and at all times amenable to them"

Article I Sec. 3 in the Commonwealth of Virginia Constitution

### **§ Government Instituted for Common Benefit**

3. "That **government** is, or ought to be, instituted for the common benefit, protection, and **security of the people, nation, or community;** of all the various modes and forms of government, that is **best which is capable of producing the greatest degree of happiness and safety,** and is most effectually secured against the danger of maladministration; and, **whenever any government shall be found inadequate or contrary to these purposes, a majority of the community hath an indubitable, inalienable, and indefeasible right to reform, alter, or abolish it,** in such manner as shall be judged most conducive to the public weal."[Emphasis by Highlight Added]

Please take further notice that the forefathers of our nation realized that the government is here to serve and secure the rights of the People, nation or community and this text does not just deal with Virginia but "any" government that may be found inadequate. The people have a right to reform, alter, or abolish. Therefore, the people are giving you a chance to prevent the danger of Maladministration, but please take notice, that the people know that your will in doing what the people need for their safety is not the final conclusion;

By the power of one of the people, and the power declared in the above constitutional provision, I, Affiant, demand, require and order a complete audit of the statewide election results and all votes, machines and software. As seen above all rights that were set forth in the above section are self-executing, and since you are being given notice that this audit is demanded, please start the audit process and please respond to me at the given address with all information on the results; and Any attempt to trample the people's rights after this notice will be considered a trespass with full knowledge and intent; and Any man or woman who denies these claims are true must rebut them under penalty of perjury in the form of a sworn affidavit. Any man or woman who decides to suppress this affidavit agrees to pay \$30,000 and any disputes by any public officials or private actors who are bound by contract to the New Jersey Constitution agrees to have these matters heard before an Arbitrator of my choice and to be bound thereby. Any man or woman denying these claims are true must rebut these claims point by point within (3) days (72-hrs). Failure to respond means that by acquiescence you agree that all claims are true.

### VERIFICATION
