Notice of Maladministration

Comes now Affiant, _____, Sui Juris, and one of the people (as seen in *Part 1 Article 1, Bill of Rights, of the New Hampshire State Constitution*) is presenting this affidavit to you as due notice that you may provide due care:

Article 1. [Equality of Men; Origin and Object of Government.]. All men are born equally free and independent; Therefore, all government of right originates from the people, is founded in consent, and instituted for the general good.

Please take notice that the government was created by the people and originates from the people, therefore, government is not meant to be carried out by a few people or a few men;

[Art.] 2. [Natural Rights.] All men have certain natural, essential, and inherent rights among which are, the enjoying and defending life and liberty; acquiring, possessing, and protecting, property; and, in a word, of seeking and obtaining happiness. Equality of rights under the law shall not be denied or abridged by this state on account of race, creed, color, sex or national origin.

Please take further notice that it is the right of the people to pursue happiness and when elected officials decide that the people no longer have a voice and the people must accept their will then they have gone outside the purpose of their creation;

[Art.] 3. [Society, its Organization and Purposes.] When men enter into a state of society, they surrender up some of their natural rights to that society, in order to ensure the protection of others; and, without such an equivalent, the surrender is void.

Please take further notice that the duty of the government is to protect the rights of the people and based on your oath you may have voluntarily given up these delegated powers by refusing to protect the people in their rights;

[Art.] 8. [Accountability of Magistrates and Officers; Public's Right to Know.] All power residing originally in, and being derived from, the people, all the magistrates and officers of government are their substitutes and agents, and at all times accountable to them. Government, therefore, should be open, accessible, accountable and responsive. To that end, the public's right of access to governmental proceedings and records shall not be unreasonably restricted. The public also has a right to an orderly, lawful, and accountable government. Therefore, any individual taxpayer eligible to vote in the State, shall have standing to petition the Superior Court to declare whether the State or political subdivision in which the taxpayer resides has spent, or has approved spending, public funds in violation of a law, ordinance, or constitutional provision. In such a case, the taxpayer shall not have to demonstrate that his or her personal rights were impaired or prejudiced beyond his or her status as a taxpayer. However, this right shall not apply when the challenged governmental action is the subject of a judicial or administrative decision from which there is a right of appeal by statute or otherwise by the parties to that proceeding.

Please take further notice that you as a public officer has already sworn to be accountable and responsive to the people; therefore, telling the people that they will not be heard is a trespass against this article;

[Art.] 10. [Right of Revolution.] Government being instituted for the common benefit, protection, and security, of the whole community, and not for the private interest or emolument of any one man, family, or class of men; therefore, whenever the ends of government are perverted, and public liberty manifestly endangered, and all other

means of redress are ineffectual, the people may, and of right ought to reform the old, or establish a new government. The doctrine of nonresistance against arbitrary power, and oppression, is absurd, slavish, and destructive of the good and happiness of mankind.

Please take further notice that the idea of a group of men called the selectmen believing that they will bring forth their will in order to decide who is good for the peoples audit is against the will of the people, against the oath that you have given found in Article 10 of the Bill of Rights and if redress is not given may be a valid reason to the people to collectively change their form of government and removing those that are perverting the law; as you are harming the people interfering in their right to know and carry out their business;

[Art.] 31. [Meetings of Legislature, for What Purposes.] The Legislature shall assemble for the redress of public grievances and for making such laws as the public good may require.

Please take further notice that as the legislature that it is your duty to make sure the people have redress for any grievance and though this right may not have been exercised in recent history you are now notice that it is your duty to protect the people in the matters in this affidavit;

[Art.] 32. [Rights of Assembly, Instruction, and Petition.] The People have a right, in an orderly and peaceable manner, to assemble and consult upon the common good, give instructions to their Representatives, and to request of the legislative body, by way of petition or remonstrance, redress of the wrongs done them, and of the grievances they suffer.

Please take further notice that it may be the belief by BAR attorneys that the people do not have the right to instruct legislatures but clearly you have sworn to this as well;

If you believe that the preceding are **untrue**; please respond with **a sworn affidavit** under the penalty of perjury where you have been granted constitutional authority to infringe upon the rights listed above; If you cannot respond with constitutional granted authority within **5 business days from the date of receipt of this affidavit**, you agree that ignoring the peoples demand of **Jovan Hutton Pulitzer** and a team of their choosing to provide an audit based on the people's will of all ballots, machines, software, programs and other election related materials; then you agree by acquiescence that you are knowingly infringing upon the rights of the people, acting outside your oath and the will of the people and agree that the claim made in this affidavit then you shall be bound and subject to all written here in; Affiant also reserves his right to take this before an arbitrator of his choice; you also agree to pay affiant **\$1,000.00** per day for every day that this affiant and affidavit go without response in the aforementioned time frame. Further affiant sayeth not.
