Comes now Affiant \_\_\_\_\_

Sui Juris, one of The People (as seen in the Constitution of The United States and The Constitution of The State of Georgia ) in this Court of Record, Providing the following claims that you may provide due care.

Please take Notice, that as One of The People, Affiant claims that the BATF does not have the authority, to Write Rules into Law By means of The Federal Registry. The Legislative Branch writes laws according to Article 1 Sec 8 in the United States Constitution.

“To make Laws which shall be necessary and proper for carrying into Execution the foregoing Powers, and all other Powers vested by this Constitution in the Government of the United States, or in any Department of Officer thereof.”

Notice it says “To make laws necessary in the Government or any Officer thereof.”

This shows in print the Government is bound by the constitution and laws written by congress are binding government and officers thereof. Says nothing about making laws binding The People.

And Article 3 Sec 6 of the Georgia Constitution

Paragraph 1. General powers. “The General Assembly shall have the power to make all laws not inconsistent with this Constitution, and not repugnant to the Constitution of the United States, which it shall deem necessary and proper for the welfare of the state.”

Georgia Constitution

Section 2: Origin and Structure of Government

Paragraph 1

All government, of right, originates with the people, is founded upon their will only, and is instituted solely for the good of the whole. Public officers are the trustees and servants of the people and are at all times amenable to them.

Affiant also claims that the NFA of 1934 and the GCA of 1968 are in violation of the 2<sup>nd</sup> amendment of the United States Constitution, stating “the right of the people to keep and bear arms, shall not be infringed.” The statement reads as written and boldly displays the over reach, and violation of the trust indenture that You Swore an Oath to Protect.

Blacks Law dictionary 2<sup>nd</sup> Edition

Infringement. A breaking into; a trespass or encroachment upon; a violation of law, regulation, contract, or right.

Article 6 United States Constitution

Paragraph 2

This Constitution, and the laws of the United States which shall be made in Pursuance thereof; and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land; and the judges in every State shall be bound thereby, any Thing in the Constitution or laws of any State to the contrary notwithstanding.

## Paragraph VIII

**Text of Paragraph VIII:  
Arms, Right to Keep and Bear**

The right of the people to keep and bear arms shall not be infringed, but the General Assembly shall have power to prescribe the manner in which arms may be borne.<sup>[1]</sup>

Georgia Constitution. Of which the portion highlighted is in contradiction and an infringement in itself, and a violation of article 6 of the United States Constitution. (seen above)

## Paragraph X

**Text of Paragraph X:  
Bill of Attainder; Ex Post Facto Laws; and Retroactive Laws**

No bill of attainder, ex post facto law, retroactive law, or laws impairing the obligation of contract or making irrevocable grant of special privileges or immunities shall be passed.<sup>[1]</sup>

Kentucky Bill Of Rights

# Section 2

**Text of Section 2:**

Absolute and arbitrary power over the lives, liberty and property of freemen exists nowhere in a republic, not even in the largest majority.<sup>[1]</sup>

Laws cannot be written over the lives, liberty, or property of freemen
