I, _____, one of the People, as seen in the Constitution of Florida, Article 1 Section 1, Sui Juris, am providing you due notice that you may respond and provide due care;

Florida Constitution Preamble:

We, the people of the State of Florida, being grateful to Almighty God for our constitutional liberty, in order to secure its benefits, perfect our government, insure domestic tranquility, maintain public order, and guarantee equal civil and political rights to all, do ordain and establish this constitution.

Florida Constitution Article 1 Section 1:

Political power: All political power is inherent in the people. The enunciation herein of certain rights shall not be construed to deny or impair others retained by the people.

Florida Constitution Article 1 Section 5:

Right to assemble: The people shall have the right peaceably to assemble, **to instruct their representatives**, and to petition for redress of grievances.

Please take notice that your purpose in government is to protect and maintain the People's Individual Rights and now it is a necessity of the People, to step in and take control of those who we hired to handle our affairs;

Please take further notice that the People of Florida do not have confidence in our 2020 elections and are not happy by the lack of investigation. We seek remedy to these issues in the following manner;

- Whereas, there is an alarming amount of questions surrounding the integrity of the 2020 elections, and Mr. Mike Lindell will be presenting cyber forensics elections symposium on August 10th, 11th & 12th, 2021 to reveal evidence.
- Therefore, We The People, request the attendance of ALL of our elected representatives in the various branches of government, plus any appointed or otherwise employed agents of our local, State, and federal government, to attend Mike Lindell's cyber forensics elections symposium in Sioux Falls, South Dakota for the purpose of ensuring We The People can have faith in our voting systems.
- Additionally, We The People do hereby formally demand Florida Governor Ron DeSantis to send a delegation of law-makers from both the Florida House of Representatives and the Florida Senate, and of officials from the Department of State, the Division of Elections, and multiple County Supervisors of Elections, and of multiple Florida citizens to the Arizona Election Audit to observe and take notes for use in Florida's upcoming FULL FORENSIC Audit of the 2020 Election.

Whereas, numerous anomalies in the election on November 3rd, 2020 including, but not limited to, statistically improbable or even impossible vote spikes in the middle of the night and/or days after the election, mail-in ballots without a crease indicating they were folded to be mailed, absentee and mail-in ballots from people who were not registered to vote and/or without a verified signature, and most alarming the use of electronic voting machines capable of connecting to the internet and potentially communicating with foreign hackers, have caused the State of Arizona to conduct a forensic audit; and

Whereas, the Continental Congress of 2009 warned, in the introduction to the Articles of Freedom, that "We are counting our votes in secret, as all machines do, in violation of our constitutional right not only to vote but to know that our votes are being accurately counted; and

Florida Statute 101.031 VOTER'S BILL OF RIGHTS

Each registered voter in this state has the right to:

1. Vote and have his or her vote accurately counted.
9. Vote on a voting system that is in working condition and that will allow votes to be accurately cast

Whereas, with the integrity of our election system in question, it is imperative that our voting systems for the State of Florida be investigated so as to prove without a shadow of a doubt that they can be trusted, or so that the problems within the voting systems be fixed.

Therefore, We The People, living on the land on Florida, lawfully and formally exercise our right under Article I, Section 5 of the Florida Constitution, do hereby instruct Governor Ron DeSantis to immediately direct the Florida Department of State to implement a full forensic audit of the 2020 election, which includes, but is not limited to, the following:

1. Full forensic investigation on all electronic voting machines conducted by an independent audit company.

a) Determine whether voting machines, tabulating machines and routers were or were not connected to the internet during any part of the election process.

b) Determine whether ‘Weighted Race Distribution’ methods of giving a value to a vote, rather than simply counting them, took place in the 2020 election.

c) Determine whether ballots scanned more than once were counted more than once.

d) Access adjudication logs, security logs, and or any other hardware or software oversight needed for this full forensic audit.

e) Determine error and adjudication rates of electronic voting machines used in the 2020 election.

f) Determine date of most recent reprogramming of image cast precinct cards, and any other updates or reprograming of any and all aspects of the electronic voting machines.

2. Recounts and audits of all mail in ballots.

a) Determine the number of mail in ballots requested versus number of unsolicited mail-in ballots sent.

b) Verify that every mail in ballot has a proper signature.

c) Verify that every mail in ballot has a crease mark that indicates it was folded and sent in the mail.

d) Verify that every mail in ballot was sent from the address on file for the registered voter.

e) Determine any anomalies regarding the date each mail in ballot was sent and the date it was received.

3. Recounts for all in person votes cast on election day including provisional ballots. We request that these be cross referenced with the mail in ballots to make sure each person only voted once.

a) Verify that nobody voted more than once.

b) Verify that no illegal aliens voted.

c) Verify that no felons, who's voting rights have not been reinstated, voted.

d) Verify that the total number of votes does not exceed the total number of eligible voters.

Furthermore we instruct Governor Ron DeSantis to send a delegation of law-makers from both the Florida House of Representatives and the Florida Senate, and of officials from the Department of State, the Division of Elections, and multiple County Supervisors of Elections, and of multiple Florida citizens to the Arizona Election Audit to observe and take notes; and for this delegation to then proceed to implement a full forensic audit as described above so as to formally respond to this petition.

Florida Constitution Article 1 Section 24:

(a) Every person has the right to inspect or copy any public record made or received in connection with the official business of any public body, officer, or employee of the state, or persons acting on their behalf, except with respect to records exempted pursuant to this section or specifically made confidential by this Constitution. This section specifically includes the legislative, executive, and judicial branches of government and each agency or department created there under; counties, municipalities, and districts; and each constitutional officer, board, and commission, or entity created pursuant to law or this Constitution.

Please take further notice that the Legislature of Florida was not granted the power to deny the Constitutional Authority of the people to alter, abolish or reform government in their general powers. Any attempt to trample the People's rights after this notice will be considered a trespass with full knowledge and intent.

If you do not respond within 15 days, you agree, by acquiescence, that you are knowingly interfering with the rights of the People you swore to protect, and that this affidavit shall stand as evidence that you are acting in maladministration and that no court shall have the power to again adjudicate these matters and that all Courts of Record shall accept this affidavit as truth and law. You also agree to be bound by all said herein and the Affiant is able to bring this contract before an arbitrator of Affiant's choice at the sole expense of you, and you agree to be bound by any award. If you cannot prove that you are acting under constitutional authority please take further notice that any denial of protection and maintenance of the People's individual rights is Maladministration, Treason and Insurrection. Failure to respond means that by acquiescence you agree that all claims are true.
