Notice to Texas State Legislature as a Demand for A Full Forensic Audit
Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent

I, _____, one of the people (as seen in Article 1 Section 2 of the Texas Constitution) Sui Juris, am serving you with due notice, that you may provide due care;

Please take notice that the people have all political power and that all government officials are simply the servants and trustees of the people, and government is and has always been based on the will of the people and that no public officer is to handle the people’s business based on his or her own will.

Texas Constitution Article 1, Section 2:

“All political power is inherent in the people, and all free governments are founded on their authority, and instituted for their benefit. The faith of the people of Texas stands pledged to the preservation of a republican form of government, and, subject to this limitation only, they have at all times the inalienable right to alter, reform or abolish their government in such manner as they may think expedient. [Highlight is Emphasis Added]

The people of Texas have at all times the right to go to their legislators for the redress of grievances.

Texas Constitution Article 1, Section 27

“The citizens shall have the right, in a peaceable manner, to assemble together for their common good; and apply to those invested with the powers of government for redress of grievances or other purposes, by petition, address or remonstrance.”

Please take notice that all rights belonging to the people of any of the 50 states are guaranteed to the people of Texas as well.

United States Constitution Article 4, Section 2, Paragraph 1

“The Citizens of each State shall be entitled to all Privileges and Immunities of Citizens in the several States.”

According to the Michigan State Constitution, the people have the right to an audit of their statewide elections.

Michigan Constitution Article 2 Section 4 (H.)

“(H) The right to have the results of statewide elections audited, in such manner as prescribed by law, to ensure the accuracy and integrity of elections.”

Please take notice that the people have a right to access of public records (paper and electronic), as they belong to the people, and no records from any government agency relating to the audit of the people’s vote should be withheld from them.

Florida Constitution Article 1 Section 24 (a.)

“(a.) Every person has the right to inspect or copy any public record made or received in connection with the official business of any public body, officer, or employee of the state, or persons acting on their behalf, except with respect to records exempted pursuant to this section or specifically made confidential by this Constitution. **This section specifically includes the legislative, executive, and judicial branches of government and each agency or department created thereunder;** counties, municipalities, and districts; and each constitutional officer, board, and commission, or entity created pursuant to law or this Constitution.” [Highlight is Emphasis Added]

Please take notice that the duties of the legislature is not restricted to law making but meeting to frequently address the grievances of the people who elected them, as well as ensuring free and fair elections.

Massachusetts Constitution Part the First Article XXII

“**The legislature ought frequently to assemble for the redress of grievances, for correcting, strengthening and confirming the laws,** and for making new laws, as the common good may require.” [Highlight is Emphasis Added]

Texas Constitution in Article 6, Section 4:

“In all elections by the people, the vote shall be by ballot, and the Legislature shall provide for the numbering of tickets and make such other regulations as **may be necessary to** detect and punish fraud and preserve the purity of the ballot box; and the Legislature shall provide by law for the registration of all voters.” [Highlight is Emphasis Added]

Please take notice that the people of Texas have grave concerns about the election of the November 2020 election and have been reaching out to their elected officials by every means possible ever since. The only proper manner of addressing the grievances and restoring the faith of the people of Texas is to perform a full forensic audit of the November 2020. Without conducting an audit, the legislature cannot possibly detect and punish fraud as stated in Texas Constitution Article 6 Section 4.

Please take further notice that, according to the Mason’s Manual of Legislative Procedure, the legislature has the power to conduct investigations with a committee, and do not necessarily require the full senate vote, as long as doing so is not specifically forbidden in the constitutions. And such investigations can be done without interference of the judiciary.

Sec. 798 Method of Investigation by a Legislative Body

1. The legislative arm of government is not to be restricted in the exercise of the power of inquiry by the fact that methods and processes, judicial or quasi-judicial in character, are employed in the course of the inquiry; and it is immaterial whether the power of inquiry is to be exercised by a state or a federal legislative body, or whether in the exercise of that power the legislative arm of the government is acting under or by virtue of granted or reserved authority, or what the particular constitutional limitations may be which separate legislative from judicial functions of government and which forbid the trespass of the one on the domain of the other

As one of the people, it is my will, order and instruction, that there be an immediate full forensic audit of all voting machines, associated software, programs, ballots, routers, and any other item used in the people’s elections, throughout the state of Texas. Such forensic audit should be done using Colonel Phil Waldron, and / or Jovan Hutton Pulitzer as auditors. Please take further notice that the format of the forensic audit that the people desire should be modeled after that which is occurring in Maricopa County, Arizona. The audit shall make provision for Democrat, Republican, Independent and any other party’s ability to witness said audit. Results of the audit shall be made available to the public and kept in the senate record.

Please take notice that all free government is instituted for the benefit of the people, in whom all political power resides. If you chose not to protect the votes of the people, which is their property, you are in violation of your sworn oath to protect them and are acting in maladministration.

Please take further notice that any other government entities outside of the Legislature attempting to influence, interfere with, or obstruct the carrying out of this audit would be in direct violation of the Texas Constitution, as seen in Article 6 Section 4 and the United States Constitution.

United States Constitution Article 1 Section 4 Paragraph 1:

The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof; but the Congress may at any time by Law make or alter such Regulations, except as to the Places of chusing Senators. [Highlight is Emphasis Added]

If you believe that the people of Michigan have a higher standing or have a more rights to an audit of their results than the people of Texas, please respond with the constitutional provisions in the form of a sworn affidavit under penalty of perjury within 5 days time. Should you fail to respond, you agree that the people of Texas have equal rights with the people of the other 50 states.

If you believe that you have constitutional authority to ignore the above mentioned rights of the people, please respond with these Constitutional provisions by sworn affidavit, under penalty of perjury, within 5 days showing where you were granted the same. If you fail to respond with clear Constitutional authority within the allotted time, you agree that you are doing all actions, in and of your own will and without authority against the will of the people you swore an oath to.
