Please take notice that these private vendors are neither elected by the people nor do they swear to uphold the Texas Constitution, and therefore not accountable to the people, yet they are acting on behalf of the government to handle the people's affairs.

Affiant claims that public-private partnerships engaged in the running of elections creates a conflict of interests, in that it is in the best interest of the private company to maintain their contract as long as possible, which can only be achieved by satisfying their customers, which are the government who contracted them, and not the people.

Affiant claims that the purpose of government is for the common good and not for the generation of profit for any exclusive person or group.

## **Massachusetts Constitution Article VII**

“Government is instituted for the common good; for the protection, safety, prosperity and happiness of the people; and not for the profit, honor, or private interest of any one man, family, or class of men. Therefore the people alone have an incontestable, unalienable, and indefeasible right to institute government; and to reform, alter, or totally change the same, when their protection, safety, or prosperity and happiness require it.” [Highlight is Emphasis Added]

Affiant claims that the government serves as the agent of the people and that they are at all times accountable to them.

## **Massachusetts Constitution Article V**

“All power residing originally in the people, and being derived from them, the several magistrates and officers of government, vested with authority, whether legislative, executive, or judicial, are their substitutes and agents, and are at all times accountable to them.” [Highlight is Emphasis Added]

Affiant claims that the legislature is to assemble frequently for the redress of grievances.

## **Massachusetts Constitution Part the First Article XXII**

“The legislature ought frequently to assemble for the redress of grievances, for correcting, strengthening and confirming the laws, and for making new laws, as the common good may require.” [Highlight is Emphasis Added]

The people, having all political power and hiring trustees and servants to carry out their business, never granted authority for these servants to outsource their responsibility to a private company to conduct the business of the people, and doing so is an act of maladministration.

If you believe you in fact have clean hands and are not in violation of your trust indenture, it is Affiant's wish, order, and demand for you to give full disclosure of all program funds, documents, records, and contracts with private entities involved with the conduction of elections available and accessible to the public and make all equipment used available for auditing by an independent third party chosen by the people, such as Colonel Phil Waldron, and / or Jovan Hutton Pulitzer.

It is also Affiant's wish, order, and demand that the usage of voting machines be discontinued statewide from this point going forward.

If you believe you have the authority to ignore the above mentioned rights of the people, please respond by sworn affidavit under penalty of perjury with the constitutional provisions granting you the authority to do so within five (5) days. Should you fail to respond, you agree that you are working to undermine the authority of the people against your trust indenture, the Texas and United States Constitutions, and are knowingly trespassing against the rights of the people you swore to protect. You further agree that if you do not respond with a sworn affidavit showing constitutional provisions authorizing you to trample the

rights of the people within five (5) days that you agree to all the above mentioned and that no court shall reexamine this matter and shall accept the above terms as truth and law.

Any man or woman who denies these claims are true must rebut them under penalty of perjury in the form of a sworn affidavit. Any man or woman who decides to suppress this affidavit agrees to pay \$300,000 and any disputes by any public officials or private actors who are bound by contract to the Texas Constitution agrees to have these matters heard before an arbitrator of my choice. Any man or woman denying these claims are true must rebut these claims point by point within (5) days. Failure to respond means that by acquiescence you agree that all claims are true.
